ACH-EFT UTILITY PAYMENT AUTHORIZATION

Auto Pay or Automatic Payment is a feature that deducts your bill payment automatically from your checking account each month. Each month, your checking account is charged the current amount due of your City of Miramar Utility Bill. Please allow 2 billing cycles to become effective. When ACH is active (**YOUR BILL WILL BE PAID BY BANK DRAFT**) bill message will appear on your invoice.

I hereby authorize the City of Miramar to automatically initiate debit entries to my account, at the Financial Institution named in this authorization, for payment of the future current balance after ACH is effective (if there's a balance owing) on the Utility Bills rendered to me by the City of Miramar for Utility Services. I further authorize the Financial Institution to accept these debit entries and charge them to my account. If corrections in the debit amount are necessary, it may involve adjustments (credit or debit) to my account. I understand that both the Financial Institution and City of Miramar reserve the right to terminate my participation in this payment plan at any time for any reason. I also understand that I may revoke this authorization and discontinue enrollment at any time for any reason, but only by giving written notice to the City of Miramar in, after allowing the City of Miramar and the bank a reasonable time to act upon my notification. I understand that I may obtain a paper copy of the electronic record of this authorization and of the City of Miramar electronic records related to debit entries covered by this authorization by contacting the City of Miramar Customer Service Help Line at (954) 602-4357.
