

HISTORIC MIRAMAR INFRASTRUCTURE IMPROVEMENTS PROJECT (HMII3) Weekly Newsletter Update

March 30, 2020 Vol. 43

The HMII3 Project Team is managing the Historic Miramar Infrastructure Improvements Project Phase 3 (HMII3). The intent of this project is to update the 1950's era water mains, construct new storm drains and swales, and enhance fire protection with additional fire hydrants. It will also provide sanitary sewer services that will allow property owners to abandon their septic tanks once connected to the new sewer system. This project is also aimed at improving stormwater drainage in your neighborhood.

Due to construction defects found during the quality assessment of the sewer system, Reynolds Construction will reconstruct a section of the new sewer lines on SW 20th Court between SW 67th Avenue and SW 66th Avenue.

Beginning Monday March 30, 2020, SW 20th Court will be closed to all thru traffic and no parking will be permitted in the swales on the north or south side of the SW 20th Court. Residents are encouraged to park on SW 66th Avenue or on SW 67th Avenue.

Restoration of swales followed by sodding remains in progress on the following streets. Please do not park on swales or curbsides on the north or south sides of the streets:

- SW 20th Court between SW 66th Avenue and SW 64th Avenue
- SW 21st Street between SW 66th Avenue and SW 64th Avenue
- SW 22nd Street between SW 66th Avenue and SW 64th Avenue
- SW 22nd Court between SW 66th Avenue and SW 64th Avenue

Driveway restoration remains in progress on the following streets. Please do not park on the driveway or in the right of way.

- SW 18th Street going west from SW 64th Avenue to SW 66th Avenue
- SW 19th Street going west from SW 64th Avenue to SW 66th Avenue
- SW 20th Street going west from SW 64th Avenue to SW 66th Avenue

We ask for your continued patience and understanding as Reynolds Construction works to restore the HMII3 project area. If you have any questions about the status of the HMII3, the restoration phase or concerns regarding property damages including the repair of sprinklers, mailboxes or driveways, please contact Adams Consulting Group.
