

HISTORIC MIRAMAR INFRASTRUCTURE IMPROVEMENTS PROJECT (HMII3) Weekly Newsletter Update

April 13, 2020 Vol. 45

The HMII3 Project Team is managing the Historic Miramar Infrastructure Improvements Project Phase 3 (HMII3). The intent of this project is to update the 1950's era water mains, construct new storm drains and swales, and enhance fire protection with additional fire hydrants. It will also provide sanitary sewer services that will allow property owners to abandon their septic tanks once connected to the new sewer system. This project is aimed at improving stormwater drainage in your neighborhood.

To expedite completion of the HMII3 project, the City of Miramar has authorized Reynolds Construction to work every Saturday during the month of April.

Reynolds Construction made progress on the removal and replacement of the defective sewer lines on SW 25th Street and on SW 20th Court this week, however construction and restoration remain in progress.

Reynolds Construction has finished removing and replacing the defective sewer line and has begun the restoration on SW 25th Street. Restoration is expected to be completed by April 30, 2020.

SW 25th Street between SW 66th Avenue and SW 68th Avenue will continue to be closed to thru traffic and no parking will be permitted in the swales until the roadway grading is completed. Residents may park in front of the lift station on SW 67th Avenue.

Sewer construction remains in progress on SW 20th Court between SW 67th Avenue and SW 66th Avenue. SW 20th Court will be closed to all thru traffic and no parking will be permitted in the swales on the north or south side of the SW 20th Court. Residents are encouraged to park on SW 66th Avenue or on SW 67th Avenue. Restoration of SW 20th Court is expected to begin during the week of April 30, 2020.

As the HMII3 project nears completion, Reynolds Construction continues to remain focused on restoration of driveways and swales between SW 66th Avenue and SW 64th Avenue.

Restoration of swales followed by sodding remains in progress on the following streets. Please do not park on swales or curbsides on the north or south side of the streets:

- SW 20th Court between SW 66th Avenue and SW 64th Avenue
- SW 21st Street between SW 66th Avenue and SW 64th Avenue

Restoration of driveways remains in progress on the following streets. Please do not park on the driveway or in the right of way beginning April 6 through April 30, 2020:

- SW 18th Street going west from SW 64th Avenue to SW 66th Avenue
- SW 19th Street going west from SW 64th Avenue to SW 66th Avenue

We ask for your continued patience and understanding as Reynolds Construction and the HMII3 Team continue to address your restoration concerns in the HMII3 project area. If you have any questions about the status of HMII3, the restoration phase or concerns regarding property damages including the repair of sprinklers, mailboxes or driveways, please contact Adams Consulting Group.
